

CONFLICT MINERALS POLICY

Formiva Automotive Parts Industry and Trade. Inc. It supports the principle of making the supply of natural raw materials sustainable and supplying them in a way that does not harm people and the environment. This is vital to building strong, mutually understanding relationships throughout the supply chain process.

We, Formiva employees;

- Raw materials are not supplied from conflict-affected and high-risk areas,
- Avoiding uncertified supply of raw materials,
- Conflict minerals such as Tin, Tungsten, Lithium, Tantalum, Gold and their derivatives can be used in the manufacturing of various parts. Formiva supports the supply of these minerals from conflict-free regions.
-

As Formiva, we are determined to work in line with the above principles.
